

Cameron is a safe and caring community based school, committed to teaching the personal value of each individual and enhancing the joy of learning.

February 2017

**Outstanding Bullying Prevention and
Aboriginal Education Presentations**

Dear Principal/Vice Principal Colleagues,

I am writing to you to recommend Q-Mack and his high energy presentations to support your Bullying Prevention and Aboriginal Education programs.

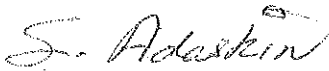

We had him in to do a Bullying Prevention show for the whole student body (K-5), to support our newly mandated TDSB Bullying Prevention Plan requirements for all schools. He came with one of his many touring partners, J-Box, who is a spectacular human Beat Box. The students were ecstatic, engaged, and were even invited to participate in the show.

Q-Mack is a First Nations performer, and excellent role model for children with messages of positivity, inclusiveness, and individuality. He really hits home with the students, using magic, basketball tricks, music, sports and student friendly language. Both he and J-Box appealed to all ages and kept their attention throughout the show.

I highly recommend Q-Mack to supplement your Bullying Prevention Plan for the school wide component and also for any Aboriginal Education events or programs you might have.

If you need any further information please don't hesitate to contact me.

Sincerely,

Susan Adaskin
Principal Cameron PS
